UKES Outreach Emails — Pre-Application Sequence

A sequence of three emails for engaging UK Endorsement Services Ltd (UKES) ahead of formally submitting the Innovator Founder endorsement application. The sequence is designed to:

1. Open a respectful, brief first contact;
2. Request a 30-minute pre-application call (which UKES typically welcomes);
3. Confirm the call and pre-share the executive summary.

The applicant should send these from a professional UK domain (e.g. quadri.yusuf@dequad.com) and reference the live product at <https://dequad.co.uk>.

Email 1 — Initial enquiry

To: info@ukendorsement.com (or contact form at <https://ukendorsement.com>) **CC:** *none* **Subject:** Pre-application enquiry — Innovator Founder endorsement for DEQUAD (live product, UK-focused)

Dear UK Endorsement Services team,

My name is Yusuf Quadri. I am the founder of **DEQUAD** (<https://dequad.co.uk>), a UK-headquartered safeguarding-first student-wellbeing platform that I have built to a live, working state in production and now intend to scale through UK university partnerships.

I am writing to enquire about UKES's Innovator Founder endorsement assessment process. Before formally submitting an application I would like to confirm:

1. That DEQUAD is the kind of business UKES typically considers under the Innovator Founder route;
2. The current published assessment fee and typical timeline from submission to decision;
3. Whether a brief (30-minute) pre-application call would be possible to walk through DEQUAD's position against the Home Office's three statutory criteria.

A short summary of the business:

- **Live, working product** at <https://dequad.co.uk> (FastAPI backend, React Native / Expo native + web frontends, MongoDB persistence). I have built the platform end-to-end as sole technical founder.
- **Verified-student peer network** (.ac.uk email gate), per-user wellbeing baseline detection, safeguarding pipeline with escalation to a Designated Safeguarding Lead, and 24/7 support chat.

- **Two-sided business model:** free for students, paid by universities (£1.50–£2.80 per student per year) and NHS Integrated Care Boards from Year 3.
- **5-year UK plan:** 100 partner universities, 42 UK FTE jobs created, break-even Q3 Year 3.

A full endorsement submission document plus 13 supporting appendices is ready to share.

I am happy to send the executive summary and a 1-page deck in advance of any call.

Thank you for considering this enquiry. I look forward to hearing from you.

Kind regards,

Yusuf Quadri Founder & CEO, DEQUAD quadri.yusuf@dequad.com · <https://dequad.co.uk> ·

Email 2 — Follow-up to schedule a call (send 7 days later if no response)

To: *Reply on the same thread* **Subject:** Re: Pre-application enquiry — Innovator Founder endorsement for DEQUAD

Dear UKES team,

Following up on my note from last week regarding **DEQUAD** (<https://dequad.co.uk>), the safeguarding-first UK student-wellbeing platform I founded.

I appreciate your inbox is busy. To make a pre-application discussion as easy as possible, I have:

- Attached the **1-page pitch document** to this email;
- Linked the **executive summary** of the endorsement application below:

 *Insert read-only Google Doc / PDF link to the executive summary here.*

If a 30-minute call would be helpful, here are three time slots I can hold this fortnight:

- *Day, Date — 10:00–10:30 UK time*
- *Day, Date — 14:00–14:30 UK time*
- *Day, Date — 16:00–16:30 UK time*

I am also happy to work to any time that suits the assessment team better. The call can be entirely an informational discussion — I'm not asking for a pre-decision.

Many thanks for your time.

Kind regards,

Yusuf Quadri Founder & CEO, DEQUAD

Email 3 — Confirming the call and pre-sharing the summary

To: *the named UKES contact who agreed the call* **Subject:** Confirmed — DEQUAD pre-application call, [date / time]

Dear [Name],

Thank you for confirming our call on **[date]** at **[time]**.

To make the most of our 30 minutes, I have attached the following documents:

- **DEQUAD — 1-Page Pitch.pdf**
- **DEQUAD — Endorsement Executive Summary (2 pages).pdf**
- **DEQUAD — Demo access credentials** (will be sent in a separate, secured email)

You are very welcome to interact with the live product at <https://dequad.co.uk> in advance — the landing page gives a complete overview of what students see, and the demo account I will share separately gives you access to the student and admin experiences.

A short agenda for the call, which we can adapt as you prefer:

1. 5 min — DEQUAD overview and live demo
2. 10 min — How DEQUAD meets the Innovator Founder criteria (innovation, viability, scalability)
3. 10 min — UKES process, fees, timelines, and any documents you would want me to prioritise in my submission
4. 5 min — Open questions and next steps

I will dial in from a stable internet connection and have a backup mobile available in case of any technical issue.

I'm looking forward to the conversation.

Kind regards,

Yusuf Quadri Founder & CEO, DEQUAD quadri.yusuf@dequad.com · <https://dequad.co.uk> +44

Tone-and-style notes for the applicant

- **Be brief.** UKES assessors review hundreds of pitches. Aim for emails that fit on one screen.
- **Lead with the live product link.** A working product is the strongest credibility signal an Innovator Founder applicant can bring.

- **Use UK English** (organisation, not organization; pilot programme, not program).
- **Avoid hype words.** UKES is allergic to “revolutionary”, “disruptive”, “Uber-for-X”. Stick to verifiable claims.
- **Don’t request a decision in writing without paying the assessment fee.** UKES’s published process requires a paid submission to obtain a written assessment.
