

Appendix G — Job Description & Salary Band (Self-Funded 3-Year Plan)

Written and prepared by Yusuf Quadri, Founder & CEO, DEQUAD Ltd.

This appendix documents the **one funded hire** in the self-funded 3-year plan referenced in main document §7.3, plus the basis on which any further hiring beyond Year 3 would be considered. This is a deliberate change from earlier drafts of this plan, which assumed a 42-role, 5-year hiring plan funded by pre-seed, seed and Series A rounds. None of that external funding is assumed in this version (Section 10), so the hiring plan has been rebuilt around what institutional and premium revenue can actually fund.

All roles are **UK-based, PAYE, paying UK National Insurance contributions**, and recruited through fair and open processes.

G.1 Hiring summary — 3-year, self-funded

Year	New hires	Cumulative headcount	Basis
Y1	0	2 (founders, unpaid)	No revenue to fund any hire
Y2	0	2 (founders, unpaid)	Revenue still too small/uncertain to justify a hire
Y3	1 (part-time)	3 (c.2.5 FTE)	Funded entirely by Y3 revenue, contingent on 2+ paying universities

Total Y3 wage bill (all roles, incl. modest founder pay): **£20,000 gross / £21,500 incl. employer NI, pension and other costs** (Section 18.3).

G.2 Year 3 — Safeguarding & Trust Lead (part-time)

Field	Detail
Hire timing	Year 3, contingent on 2+ paying universities — not guaranteed
Commitment	Part-time, c.10 hours/week
Salary band	c.£8,000/yr (pro-rata)
Reporting line	CEO (Yusuf Quadri)
Mission	Support safeguarding triage and escalation as the paying-university base grows beyond what the founder can cover alone; liaise with partner-university DSLs
Must-have	Relevant safeguarding qualification (Level 2/3 Safeguarding Adults or equivalent); HE, NHS or charity safeguarding experience; enhanced DBS
Recruitment channel	Charity Job, NCVO, AMOSSHE network

G.3 Beyond Year 3 — not part of this plan

Further roles (engineering, customer success, sales, marketing, data/ML, operations) are a long-term ambition, not a commitment. They would only be made if institutional revenue significantly exceeds the conservative Y3 base case (Section 11) or if a future funding round is raised — neither of which is assumed here. No salary bands, hire dates or headcount targets are set for this later stage, to avoid presenting an unfunded plan as committed.

G.4 Diversity, equality, and inclusion commitments

Even at this small scale, DEQUAD commits to:

- **Open advertising** for the Y3 hire on at least two channels for at least 14 days before any offer.
- **Blind shortlisting** at CV-screening stage (name, university, address removed).
- **Structured interview rubric.**
- **Pay-band transparency** — salary published in the job advert.

- **Hiring-mix aspiration** — as the team grows beyond Year 3, DEQUAD aims for at least 45% female and at least 30% minority-ethnic representation, reported annually once headcount is large enough for this to be meaningful.
